

The Aerosmith CT90 Tool Reduces Fastening Time By Up To 80%

The Model 90 tool that started it all just keeps getting better. Aerosmith's SurePIN™ CT-90 has been redesigned for easier, faster, more flexible, and lower cost for attaching to steel and concrete. The Model 90 tool has been attaching securely to steel and concrete surfaces for over 20 years.

- ↓ Recently redesigned to get more applications
- ↓ Increased productivity - Much faster than drilling and screwing
- ↓ Precision depth control
- ↓ Greatly reduces worker fatigue
- ↓ Eliminates cost of worn and broken drill bits
- ↓ For both wood and aluminum decking to steel or aluminum crossmembers
- ↓ Reduced installation time provides for better utilization of workspace
