 [Faq](#)

- Long magazine: it holds 260 staples
- Long and narrow nose design: excellent job visibility
- Rubber comfort grip: non-slip handling and reduction of vibrations and fatigue
- Reversible bumper: high durability
- One hand latch: fast reloading and reduced downtime
- Patent pending magazine: no welded parts, for an easy maintenance
- Rear exhaust with muffler: avoids lubricant from falling onto work surface
- Bottom loading magazine: protects internal parts (reduced maintenance)
