

18V Brushless Li-Ion 16Ga Straight Finish Nailer (3.0cAh x 1) NT1865DM

The new Hitachi 18V Brushless 16 Gauge Straight Finish Nailer – NT1865DM - is taking cordless nailing to the next level. No longer will you have to worry about hoses, compressors or gas cartridges. Hitachi is proud to build upon their strong pneumatic heritage and offer a professional cordless option. Equipped with brushless motor technology, this nailer delivers increased power with less weight, a longer tool life and longer runtime per charge. The NT1865DM is equipped with a selective actuation button where the user can choose between bump and sequential modes. It also features a tool-less depth of drive adjustment, on-tool battery indicator, integrated pivoting belt hook and a side lock switch to prevent accidental firing. The NT1865DM features an impressive zero ramp up time, and can drive approximately 1,500 nails per charge while being fast, accurate and flush. Powered by Hitachi’s new compact 3.0Ah battery (which is ¾" smaller and 0.6 lbs lighter compared to Hitachi BSL1830), this nailer is a sure thing to get the job done efficiently, completely and comfortably.
